MOVIES TO BE SHOWN MONDAY, FEB. 11TH; PUBLIC IS INVITED

Explorer Post 217, sponsored by Our Lady of the Gulf Church, will preview two movies on the use of maps and compasses Monday, February 11, at 7:30 P. M. in the Courthouse. The movies, "By Map and Compass" and "The Sport of Orienteering," are in sound and color and will last an hour.

All scoutleaders, teachers and everyone interested in learning the fundamentals of these arts are invited to the preview.

The proper use of map and compass is vital education for those who roam the wilderness or venture out upon the water for recreation or in pursuit of their vocation. The film "By Map and Compass" tells the story of a boy and his dad who are fishing on Bass Lake, when a friend lands his plane nearby and takes them for a ride. They see from the air the lakes and hills close at hand as well as Trout River which seems nearer than they thought. They examine an aerial map noting its accuracy in reproducing an outline of the country below. Later with the aid of a map which they have studied, they take a hike overland to the River and learn the fine points of map reading by actual experience. An awakened interest in orientation, where trails and landmarks are inadequate guides in themselves, leads them to a study of the compass and its use with maps. They plan a hike from Bass Lake to Sugarloaf Mountain via the Old Mill, and depend entirely on instrument and map, they reach their objective after a number of woodland adventures.

"The Sport of Orienteering" depicts something entirely new to most Americans—yet it is a recognized international sport. By select a form suitable to the season, it is a year around activity. The sport of Orienteering has several varieties, all of them based on the ability to use a map and compass correctly under different conditions and usually an unknown territory.

This brilliant film shows us some Swedish sportsmen in a cross country Orienteering race, using only their map and compass to find their way through strange territory. The film also shows the different map symbols and the fundamentals of using a compass.

This preview is part of a course in Navigation which has been presented to Post 217 by Jack Seuzeneau, Bay St. Louis pilot and engineer. Mr. Seuzeneau explained in his classes the proper interpretation of aeronautical charts, planning flights, the use of compass and map in actual flight.

"HEART" BENEFIT PARTY SCHEDULED FOR FEBRUARY 15

Mrs. C. E. Becker, Chairman of Lakeshore-Clermont Chapter of the Heart Association, announced the annual benefit Heart Party will be held February 15, with a 12:30 p. m. luncheon served at Harold's Lounge, Clermont Harbor. Benefit games will be played at 1:30. A donation of 50c is given for the luncheon and will be turned over to the Heart Fund Chairman.

Records reveal that almost half of the Hancock County quota for the Heart Drive in 1956 was raised by Mrs. Becker and her committee. Mrs. Becker said she feels that since it is a known fact that 50% of the funds raised in the county remain in the state to further local scientists and doctors in their studies of heart disease, that generous response will be made by local citizens in supporting this great crusade.

Persons who wish to donate prizes to be awarded at the benefit games are asked to telephone Mrs. Becker. Checks and cash donations should be mailed to Mrs. Charles Beyer, Heart Fund Chairman, P. O. Box 223, Bay St. Louis.

NAMED CAMPAIGN CHAIRMAN FOR HEART FUND

Mrs. Charles Beyer was named Campaign Chairman of the Hancock County Heart Association, an affiliation of the Heart Assn. of America, for the fifth consecutive year. Each year the death toll from diseases of the heart mounts steadily, with the need for more funds to carry on scientific research into causes and possible cure of these dread diseases.

Mrs. Beyer said she feels that the people of the county have knowledge of the ravages of heart ailments, which statistics prove cause 90% of the deaths in the United States, and that this knowledge will cause them to contribute generously during the campaign for funds.

A quota for the county of \$1,000.00 should be easily raised Mrs. Beyer said, and asks that all contributions be mailed to "Heart," P. O. Box 223, Bay St. Louis.

Mrs. Beyer reminds there will be several events given to raise funds for this campaign. A luncheon and benefit games at Harold's Club, Clermont, February 15, and a Book Review and Tea at the Hotel Reed, February 17. Mrs. Beyer has named Mrs. Roy Baxter, Logtown, Mrs. A. A. The Hotel Reed changed hands this past week, when its owners Mr. and Mrs. Howard LeTissier completed sale transactions with the Hogue Land and Lumber Co., a Gulfport Corporation.

C. P. Linn formerly connected with the Broadwater Beach Hotel of Biloxi assumed the post of manager Wednesday.

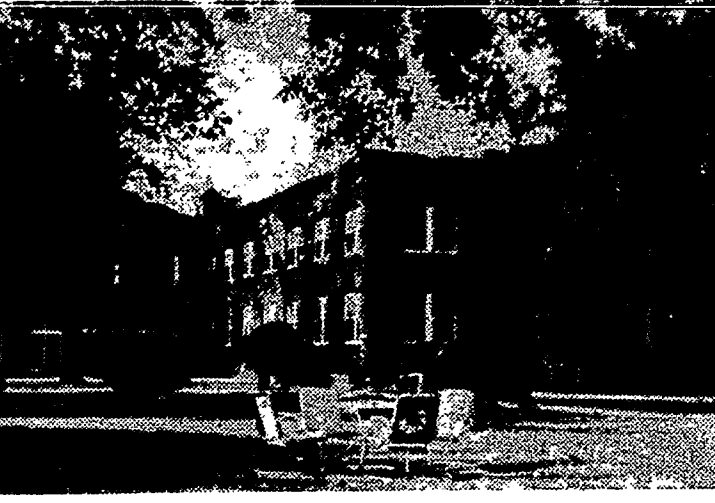

Personnel, rates and service will remain the same as under the former management.

Howard LeTissier and his wife acquired the hotel Sept. 1, 1940, when they purchased it from Howard Dayton of Albany, Ga.

The LeTissiers, natives of Louisiana came to Bay St. Louis from Jonesville, La. They did not operate a hotel in that state but had at one time operated hotels in Illinois.

The Reed Hotel was renamed when purchased by Dayton from the Weston interests, builders and first owners of the establishment. It has been a landmark in modern Bay St. Louis, with the names of many notables on the register.

It has also been a mecca for

social gatherings in the community and before the erection of the present Yatch Club, served there gratis to organizations. Rumors ran rampant in the town on various occasions with attempts to interest LeTissier in the politics of the community, as a possible candidate for post in city government. However, he declined these overtures, preferring to remain a private citizen rather (Continued on Page 5)

BRUSH FIRE QUICKLY EXTINGUISHED BY FIRE DEPARTMENT

Two homes in Melody Lane Subdivision were saved from fire Wednesday afternoon when flames rushed through the brush and dried grasses from Boardman Ave., burning everything in their paths.

A quick response from the City Fire Department, with employees of the gas and water divisions of the city also on hand to fight the leaping flames, averted the possible loss of homes owned by Misses Giebler and Price S. Werten.

The fires were apparently started by youths playing or by the burning of trash, with strong winds fanning an innocent flame into a rushing fire of hazardous proportions.

The city police department was also on hand assisting in subduing the fire and City Patrolman Garcia said several such fires had originated recently. Fortunately, he added, it had been possible to get them all under control before any great damage had been done.

The danger of carelessly burning trash, or of children lighting fires while playing has caused some of the heaviest fire losses in the country.

Brush, trees and grasses are especially dry at this time of the year and extreme caution against igniting any type of flame should be exercised.

Strong winds prevalent at this season add to the danger by fanning a blaze into a roaring fire within minutes.

Williams purchased Galabank-On-The-Jordan, a beautiful estate near Bay St. Louis and have made their home here when not in New Orleans.

BOY SCOUTS TO
CELEBRATE 47TH
ANNIVERSARY

During February, America observes the birthdays of several of its illustrious sons. Washington, Lincoln, and Thomas Edison. Another birthday celebration of national proportions in which all Americans can properly join is that of the Boy Scouts of America.

Scouting in the United States reaches its 47th anniversary during the Scout Week, Feb. 6 to 12. It is difficult to recall when our nation did not have this character-building, leisure time program for its boys and young men.

Since February 8, 1910, more than 25,000,000 American boys and men have been influenced by the Scout Oath and Law. They have had the benefits of Scouting training, fellowship, handicraft skills and high adventure. America is all the richer for it. Many men in high places in American affairs today proudly credit Scouting influence in their lives.

Today over 4,500,000 boys and men are actively enrolled in 540 local councils with a membership of 111,000 units. Fortunate indeed are communities where Scouting flourishes.

In the Bay-Pass District there are five troops and cub packs. Wm. M. Watts is chairman of this district and Dr. Stewart of Pass Christian is Vice-Chairman. Many of our local men serve as committeemen and in other capacities.

Sunday, February 10th will be

observed in all Churches of faiths, with scouts attending in a body. Mondays, February 11th moving pictures will be shown to the Scouts, their parents and friends.

The public is cordially invited to attend. Admission free.

It will be a gathering of youth who will be among the nation's top leaders a few decades hence.

Motoring to New Orleans on Sunday to see the St. Stanislaus basketball team play its last game with Holy Cross were Misses Patricia Bourgeois and Anna Marie Villalobos. Mr. Fred Bourgeois, Jr. and Mrs. William Zimmermann.

A group of small children and a kite almost cost the life of young J. D. Bourgeois, son of Mr. and Mrs. Ducre Bourgeois, Monday afternoon about 4:00 p. m. The children had hoisted a kite, but instead of kite thread or string, they had used a long strand of very thin wire covered with green insulation, the kind of wire used in transmitters. While the kite bobbed away in the wind, the wire crossed with a high powered wire suspended across Market St. and Beach Blvd. There was a loud flash, accompanied by a bright blue light, similar to a bolt of lightning. J. D. was knocked unconscious, and when he was revived could only remember a ball of fire and smoke. One of the other children had a hole burned in his shirt. Lights in the vicinity were out for awhile. Young J. D. has had many close calls, but this one could have proved fatal. Every one who has heard of the incident

says that it is a miracle that he is alive.

Mr. and Mrs. Leo Comeaux and children, Kenneth and Shirley Ann, of Port Sulphur, La., were weekend guests of Mr. and Mrs. Ducre Bourgeois.

Mrs. Frances de Valin spent a few days this week as guest of Mr. and Mrs. Harold Hicks and Mrs. A. Walker. Mrs. de Valin has

rented her home on Oak Boulevard to Mr. and Mrs. Thomas Wyatt and children. Patricia and Steve, of Monroe, La. Mrs. C. Parker, mother of Mrs. Wyatt, enjoyed the weekend in Waveland. She is the house mother of the Kappa Sigma, Louisiana State University, Baton Rouge, La.

Mr. and Mrs. Otto Hirsell enjoyed the weekend in their cottage in Waveland.

Mrs. John A. Munch entertained the Garden Club during the past week in her lovely new home on Waveland Avenue. The Heart Fund Drive was the topic the ladies discussed. Delicious refreshments were enjoyed during the afternoon session. Ladies who were present were Mesdames Butz, Sauer, Gates, Mathis, Fred Bourgeois and Munch.

Mr. and Mrs. D. Candebat and children of New Orleans were guests on Sunday of Mr. and Mrs. John Munch. Recent guests of the Munches were Mr. and Mrs.

Boudreaux and children, Mr. and Mrs. Dorothy Bishop and children.

Watch for the sale, opening in about a month of Mr. and Mrs. George's new place at Highway 90. It will be located on Highway 90, between Nicholville and Waveland Avenue. The modern establishment will be known as "George's New Orleans Mardi Gras Lounge." Mrs. George intends to have the real estate business will still be conducted from Waveland. When the Georgis leave their present place of business on Coleman Avenue, Mr. A. J. Birdsall will occupy the entire premises and will conduct his business from that location.

Mr. Richard Grayson of New Orleans has purchased through the Georgi Realty the Hava home next to the former Hava home on Hava Lane. Mr. Grayson is connected with the Interstate Electric Company.

TIGER TALES

The third issue of the Student Prince, which will be dedicated to the Junior Class and their sponsors, Miss Ruth Longest and Mr. Billy Eason, has gone to the printers and should be in the hands of the faculty members, students and subscribers within ten days. This issue should be particularly interesting for it contains stories on the Bay High Invitational Tournament, the DeSoto Conference Games, and other Jimmy McDonald.

Jerry Armstrong was visiting here Friday. Jerry was meeting old acquaintances. Like he put in old school chums. He is a nephew of Miss Louise Armstrong.

Sorry to hear of the death of Philip St. George Amble of Pass Christian Sunday. Affectionately known as Johnny, he was a swell fellow and sportsman.

REAL NAVIGATORS

Joe Kern and J. Hancock started for the bay Saturday. But the fog was really dense, so they decided to go by compass and a map. The two boys hit the keys right on the head, although visibility was out. Good going boys!

How would you like to catch a pound rainbow trout with your bare hands? That's exactly what 11-year-old Thomas Hartmann did near San Rafael, Calif. The big beauty measured 28 inches.

Queen Harold Carver will be 7:00 AM fishing up the old floundering Ship Yard on Jordan River, Kelly's Camp on Mulatto Bayou; Nicolai's up Jordan River, Bayou Caddy Fishing Camp at the south end of the squall. These camps rent skiffs, have bait, repair and paint boats and serve the fishermen in general. There's a plenty of action at these places from now on.

LEGION AUXILIARY MEMBERS TAKE PART IN MARCH OF DIMES

As we face the challenges of 1957 and shape the message of the March of Dimes, we find we have two stories to tell the public. First "Let's Finish the Job!" Second "Get Your Polio Shots Now!"

We know that millions of Americans must understand before they will give generously to meet Polio needs. Raising essential funds has been more difficult this year because of the misconception of many people that polio is over. As the fight against infantile paralysis was carried on over the years, the pressure of epidemic polio made the foundation concentrate on saving lives. Now, even before the acute phase of the job is finished our emphasis must shift more and more to making those lives saved worth living.

We want people to realize that as long as there are people with disabilities whom we can help rehabilitate, as long as the National Foundation for Infantile Paralysis can play its part in bringing back the usefulness to hands and arms and legs, and hope into hearts that desperately need hope, members of the American Legion Auxiliary will be in there pitching in the March of Dimes way. Members participating in the Mothers March on Polio were—

State Supply, Merchants Bank, Monti-Carver Plumbing, Mollere Realtor, Metastayer Lumber Co., Martin Hardware, May's Candy Kitchen, Mary Ann's Novelty Shop, Parker's Grocery, Piazza's Barber Shop, Pine Burr Restaurant, Ramsey's Dept. Store, The Record Shop, Stevenson's Radio & Elec., Sunshine Ice Cream, Superior Supply Co., Superette Gas Co., Scrimshaw's Food Mart, Star Theatre, Stiefel Beverages, Edward Stener, Chattanooga; Wilcox's Cash Grocery, Wilcox Electric, Waveland Lumber Co., Warner Gift Shop, Western Auto Store, Waveland Drug Store.

Sign Guest Register At The Upper Room Chapel Recently

Mr. and Mrs. Ted T. Robin, of Bay St. Louis, were among the nearly five thousand people who signed the guest register at The Upper Chapel in Nashville, Tenn., recently. The chapel, opened a little over four and one-half years ago, already draws visitors from every state and many other countries.

The focal point of the chapel is the great, almost life-size wood carving of the Last Supper done by Ernest Pellegrini after the famous painting by Leonardo da Vinci. This carving captures the moment when Jesus tells his disciples, "One of you shall betray Me." Set in a huge frame the limestone and walnut carving is more than eighteen feet long. The artistry and skill of the sculptor are apparent to even the casual viewer. Many visitors see it with a deep spiritual sensitivity that makes the visit a religious experience rather than merely a visit to a work of art.

The wood carving is placed on the rear wall of the chapel. The chancel reproduces the scene depicted in the carving. Here are the same tapestried walls, the same beamed ceiling, the same inlaid floor, and most striking of all, the altar reproduces the great table about which the disciples are seated with their Master. Other features of the chapel include a lovely prayer room, an interesting high pulpit, a chancel rail that carries the symbols of the disciples and an elaborately carved gate. Below the chapel are the museum and devotional library.

The chapel is the central feature of the building which houses the offices and shipping rooms of THE UPPER ROOM, the world's most widely used devotional guide. It is published in 34 editions including 28 languages, Braille and Talking Book.

Mrs. John Weathers, Mrs. Emmet Brown, Mrs. Erwin Necaise, Mrs. Frank Trapani, Mrs. Leroy Luke, Mrs. Dan Russell, Mrs. Guy Bufkin, Mrs. Frank Taconi, Mrs. George Horton, Mrs. John Rutherford, Mrs. Joseph Compretta, Mrs. Al Vetter, Mrs. Elliott Casanova, Mrs. C. J. Piazza, Miss Margaret Turcotte, Mrs. Carl Heitzmann, Mrs. Theo Tudury, Junior members were: Geraldine Kidd, Melva Luke, Linda Morel, Suzette Brown, Dottie Estapa, Jeanie Rutherford, Judy Compretta, Linda Schindler, Cynthia Deaux and Beverly Murphy, although not a member, assisted the Juniors. Also Cora Mae Vetter.

When You Think Of Light—Think

growing along together

With over 3000 manufacturing plants operating today compared to less than 1900 in 1946, Mississippi has outstripped the South and the Nation with its rate of increase in dollar value of manufactured goods.

Accompanying these ten years of industrial progress, Mississippians have built new homes by thousands... combining to create such a demand for new telephones that the number of Southern Bell telephones in the State has risen from 110,000 in 1945 to more than 321,000 today.

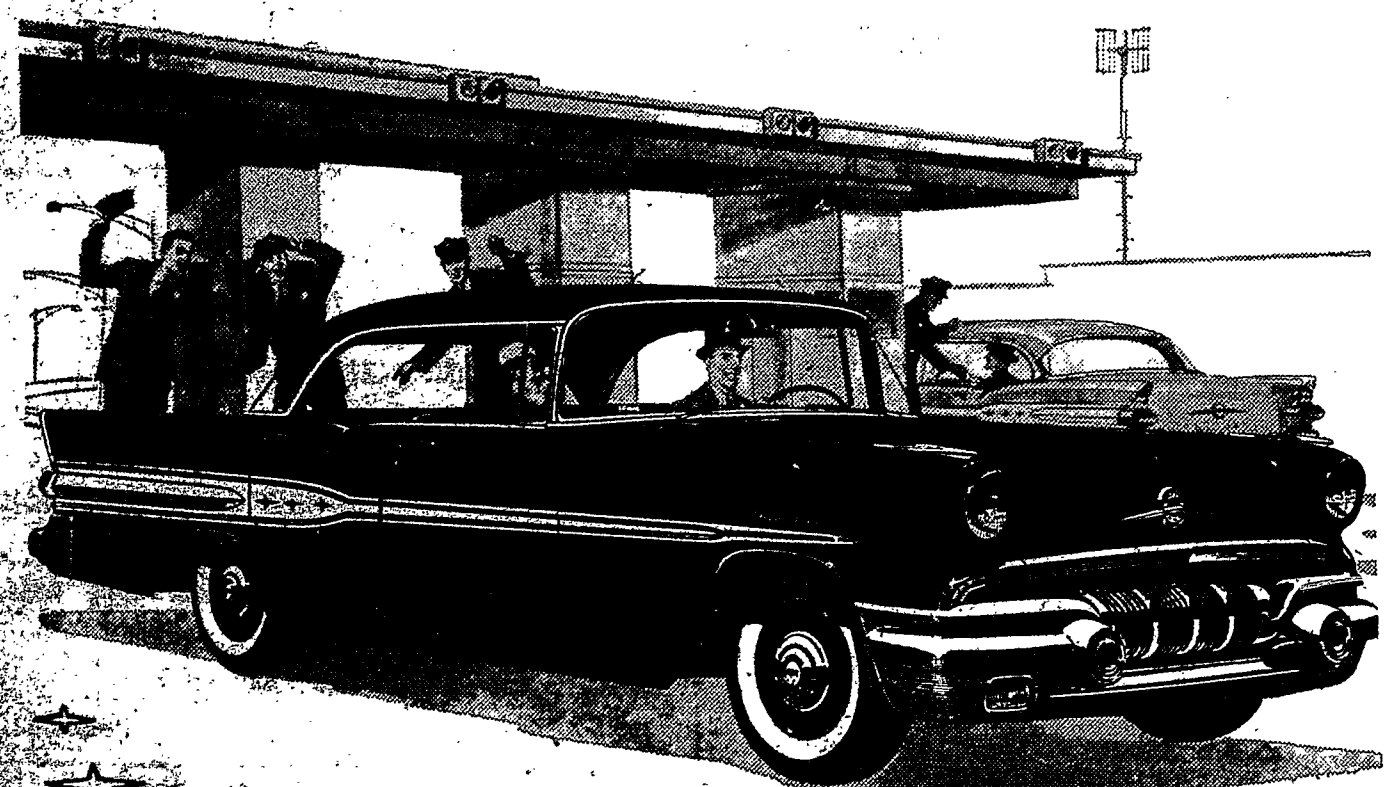

This unprecedented expansion by Southern Bell required an additional \$17 million of construction in Mississippi since 1945... and to keep pace with the State's continuing growth and prosperity, we expect to add another \$17 million worth of construction this year to expand and improve our Mississippi network.

Southern Bell Telephone and Telegraph Co.

Additional telephones in heavily used play areas are being installed. Available now in decorative colors of your preference. Call your local office.

Here's the bomb THAT BROKE THE "low-price" lineup!

This big high-stepping Chieftain started a revolution with a carload of "firsts" and an eye-popping price tag!

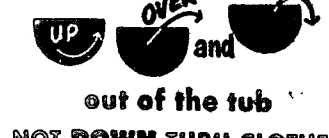

The low-price field never looked like this before! The handsome husky you see right here has the boat still rocking with more power, more wheelbase, more room—and more sheer pride of ownership—than ever before possible on a well-trained budget! Just look at what they're making room for now in the low-price lineup: a strapping 347 cu. in., 10 to 1 compression ratio Strak-Straight V-8... a whopping, road-hugging 122 inches of wheelbase and an all-new suspension system for a Level-Line Ride that's next best thing to a magic carpet! And this streamlined beauty takes on the field with more than six dozen "firsts", all proved by 100,000 of the roughest, toughest test miles a group of fact-minded engineers could devise! If this sounds like a wonderful buy... it certainly is! Our advice is to stop dreaming and price it! At a cost less than a lot of the low-price jobs, this newcomer is making big-time buyers out of former "all-three" owners!
